

PHILCOB JOSOL

SOFTWARE ENGINEER

philcobsuzuki@gmail.com | [Portfolio](#) | [Github](#) | +639970832389

SKILLS

Languages: JavaScript, TypeScript, Python, HTML, CSS

Frameworks/Libraries: ReactJS, NextJS, NestJS, ExpressJS, TailwindCSS, Bootstrap

Databases: MongoDB, SQL

Developer Tools: Git/Github, Visual Studio Code, Postman, Azure

EXPERIENCE

Software Engineer - Career Team | Full-time · Remote

Nov 2024 – Present

- Developed reusable UI components using **NextJS** with **TypeScript** and integrated **RESTful APIs** to support management of jobseekers and employers and role based interface rendering.
- Handled **MongoDB aggregation pipelines** to retrieve specific data across multiple collections, referencing IDs and integrated a service called **Domo** for the user dashboard.
- Collaborated with cross-functional teams to implement API endpoints using **NestJS** and **MongoDB**, ensuring accurate, secure data delivery across the platform.
- Deployed new features and bug fixes through **Azure DevOps** pipelines, contributing to a faster and more reliable release process.
- Investigated and resolved frontend defects caused by unexpected backend data, using **Postman** to inspect API responses and identity mismatches, resulting in a stable and accurate user-facing component.
- Participated in the full software development life cycle, including daily meetings, interactive development, estimations, and design sessions.
- Worked closely with stakeholders to gather and translate business requirements into functional and scalable solutions.
- Handled **ReactJS** technical interviews for Software Development applicants. Mentored newly hired juniors.

Frontend Developer - Comfort Financial Solutions · Remote

Sep 2023 – Jan 2024

- Developed responsive web interfaces using ReactJS, HTML, CSS, and TypeScript.
- Collaborated with UX/UI designers to translate mockups into functional applications.
- Integrated RESTful APIs and third-party services to deliver dynamic, data-driven features.
- Optimized front-end performance and maintained code quality through Git version control and testing.

FREELANCE

FFWPU Philippines Website <https://ffwpuph.com/>

June 2021

- Created secured user authentication using **JSON Web Token** with verification of email using **EmailJS**
- Created admin interfaces to handle **CRUD operations** for the website contents such as News Post, Upcoming events, and Word Of The Day.

EDUCATION

Bachelor of Science in Information Technology

June 2021
